***Claim Rejections - 35 USC § 112***

Claims 9 – 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 9 uses the phrase "means for" (line 8), but it is modified by some structure, material, or acts recited in the claim. It is unclear whether the recited structure, material, or acts are sufficient for performing the claimed function which would preclude application of 35 U.S.C. 112, sixth paragraph, because although a means for performing a specified function is an acceptable definition of an element or subcombination of a combination and such a means shall be construed to cover corresponding structure and equivalents thereof, function must be specified and thus would be capable of a determination of structural equivalent thereof; structureless terms without a function specified therefor affords no basis for judging whether a structure different from that disclosed by Applicant would be equivalent thereof.

If applicant wishes to have the claim limitation treated under 35 U.S.C. 112, sixth paragraph, applicant is required to amend the claim so that the phrase "means for" or "step for" is clearly not modified by sufficient structure, material, or acts for performing the claimed function.

Art Unit: 3661

If applicant does not wish to have the claim limitation treated under 35 U.S.C. 112, sixth paragraph, applicant is required to amend the claim so that it will clearly not be a means (or step) plus function limitation (e.g., deleting the phrase "means for" or "step for")

***.Allowable Subject Matter***

Remaining claims 17 – 23 are allowed.
